

ESL Teachers Wanted!

Join our Evening Program

Las Casas – English as a Second Language seeks volunteer teachers and assistant teachers for our adult (18 and older) ESL program. Located in the Fruitvale district of Oakland, all classes run from September - May. **We meet Monday, Tuesday and Thursday from 7 – 8:30pm at the Cristo Rey de la Salle High School at the St. Elizabeth campus.** We prefer a commitment of at least one evening a week, but we're flexible and are happy to adjust to your schedule.

Las Casas is an all-volunteer program started in 2002. We have 5 levels of classes, Literacy through Intermediate High. We serve a population of primarily low-income Latinos – but Spanish *is not* required. Our adult students are eager, engaged, hard-working, and a delight to teach! However, we turn students away almost nightly and always have a waitlist – more teachers would help us to serve more students!

Lead Teachers (usually working in “teams”) design and implement lesson plans for the week, based on course outlines. Assistant teachers do not have to have experience, or create lesson plans. We provide our staff books, supplementary materials, curriculum guides, supplies, copier access and workshops. We have a great group of teachers, many experienced in ESL, but also students just out of UC Extension, USF, as well as retirees and folks just looking to make a difference!

Limited time, but a desire to contribute? We'll work with you!

Volunteers can help Lead teachers in many ways, while building their own skills and gaining hands-on classroom experience. You do not have to have teaching experience, though it is helpful. We also have administrative support jobs outside the classroom working with prospective students, helping with assessment and orientation, etc., during the same evening school hours (7 – 8:30pm). These administrative positions do not have to have a weekly commitment.

If you're interested in joining Las Casas, or for more information, please contact:
